

Pokémon Plots

These are some plots from a Pokémon csv file. The original was from Keith Galli on YouTube.

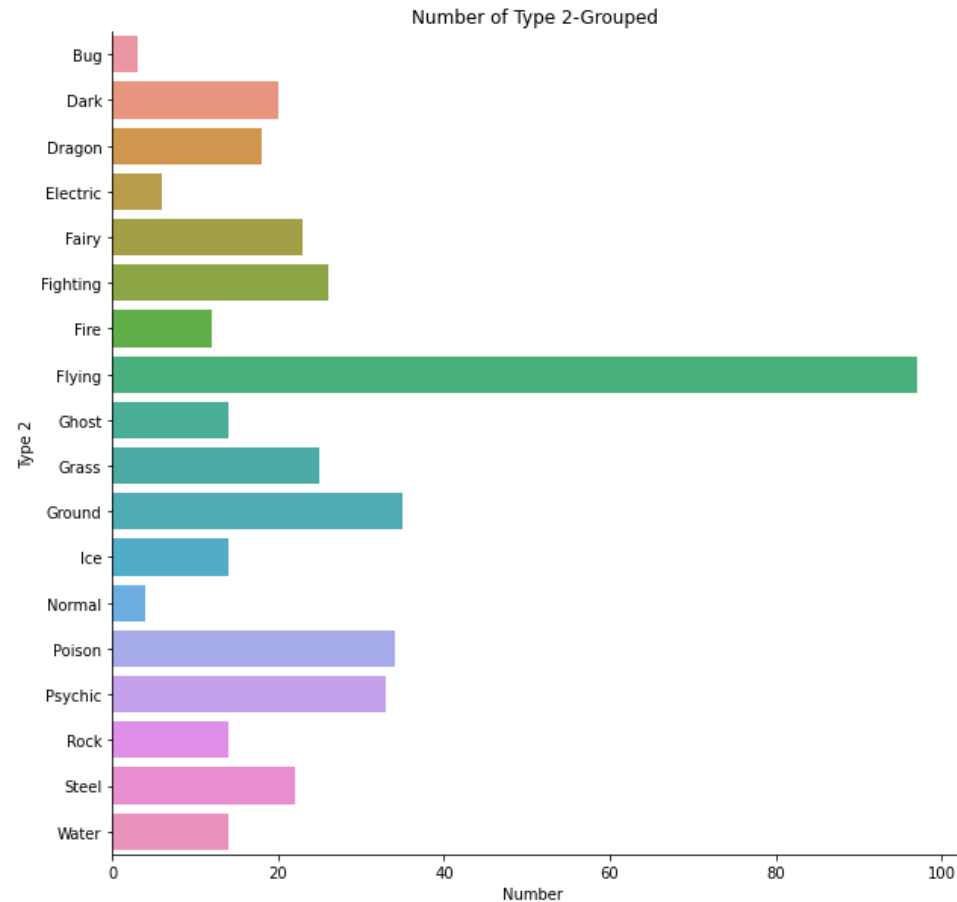

Just a simple plot of the Number of Legendary Pokémon. I cleaned up the names a bit, as there were some doubles.

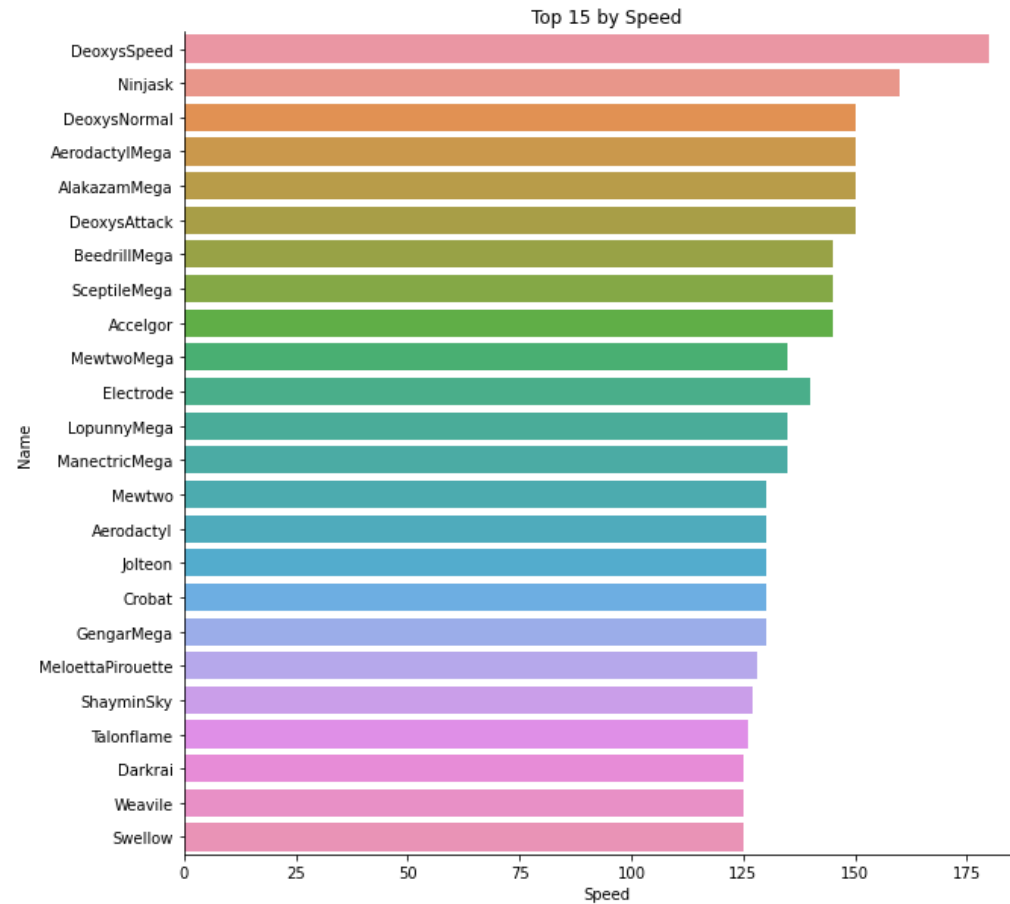

The number of Type 1 Pokémon grouped.

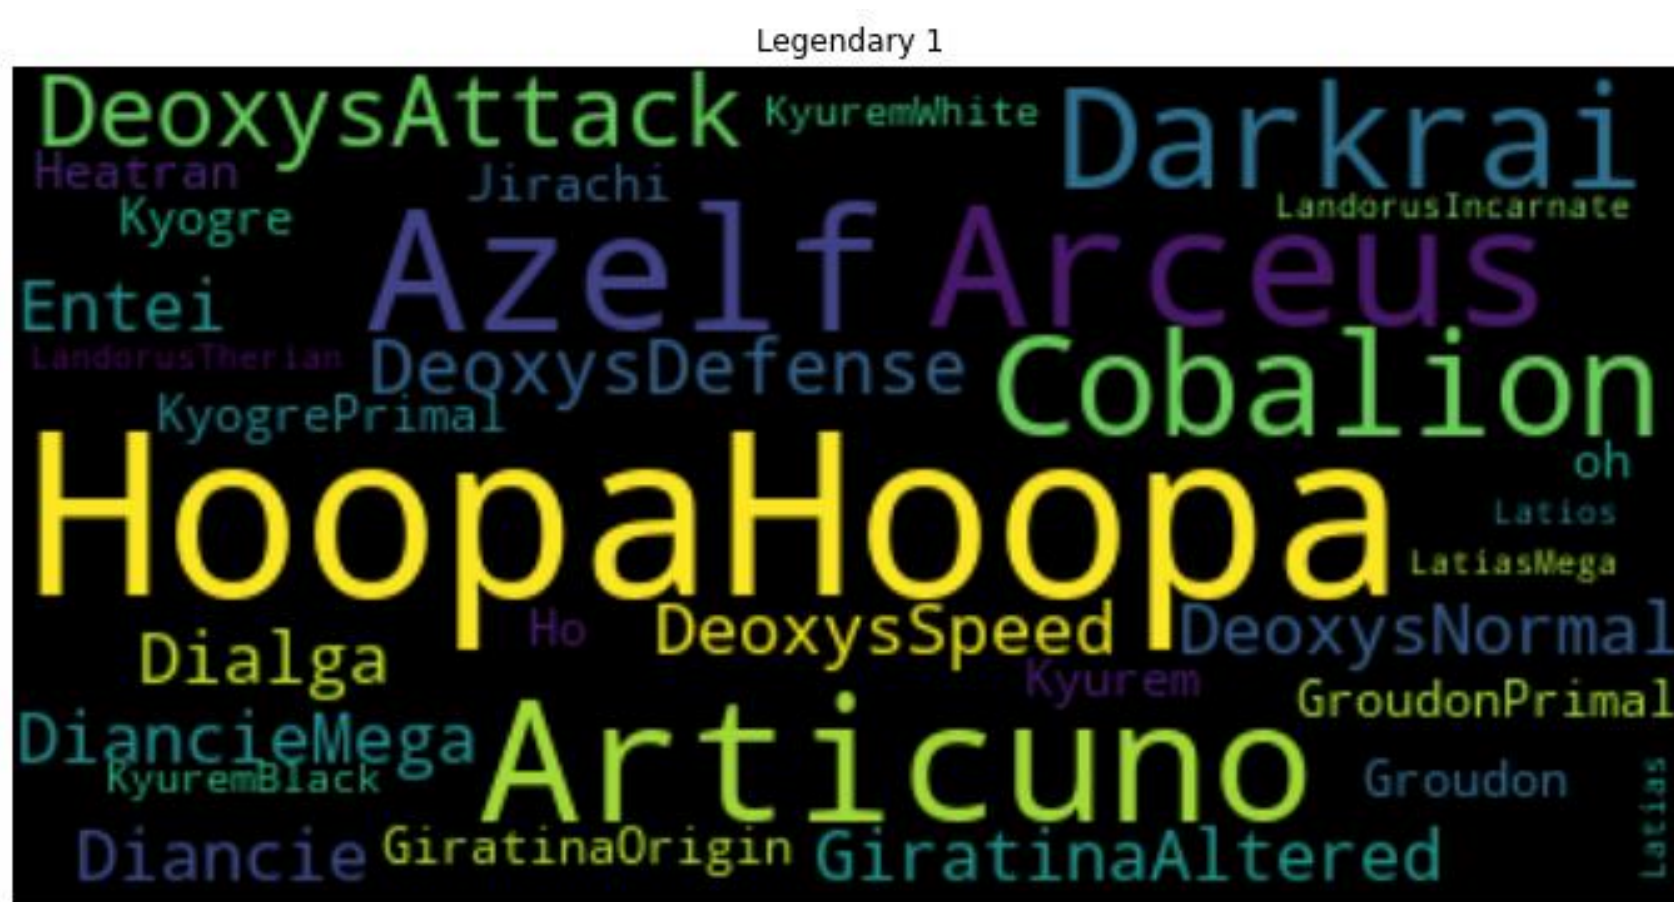

The number of Type 2 Pokémon grouped.

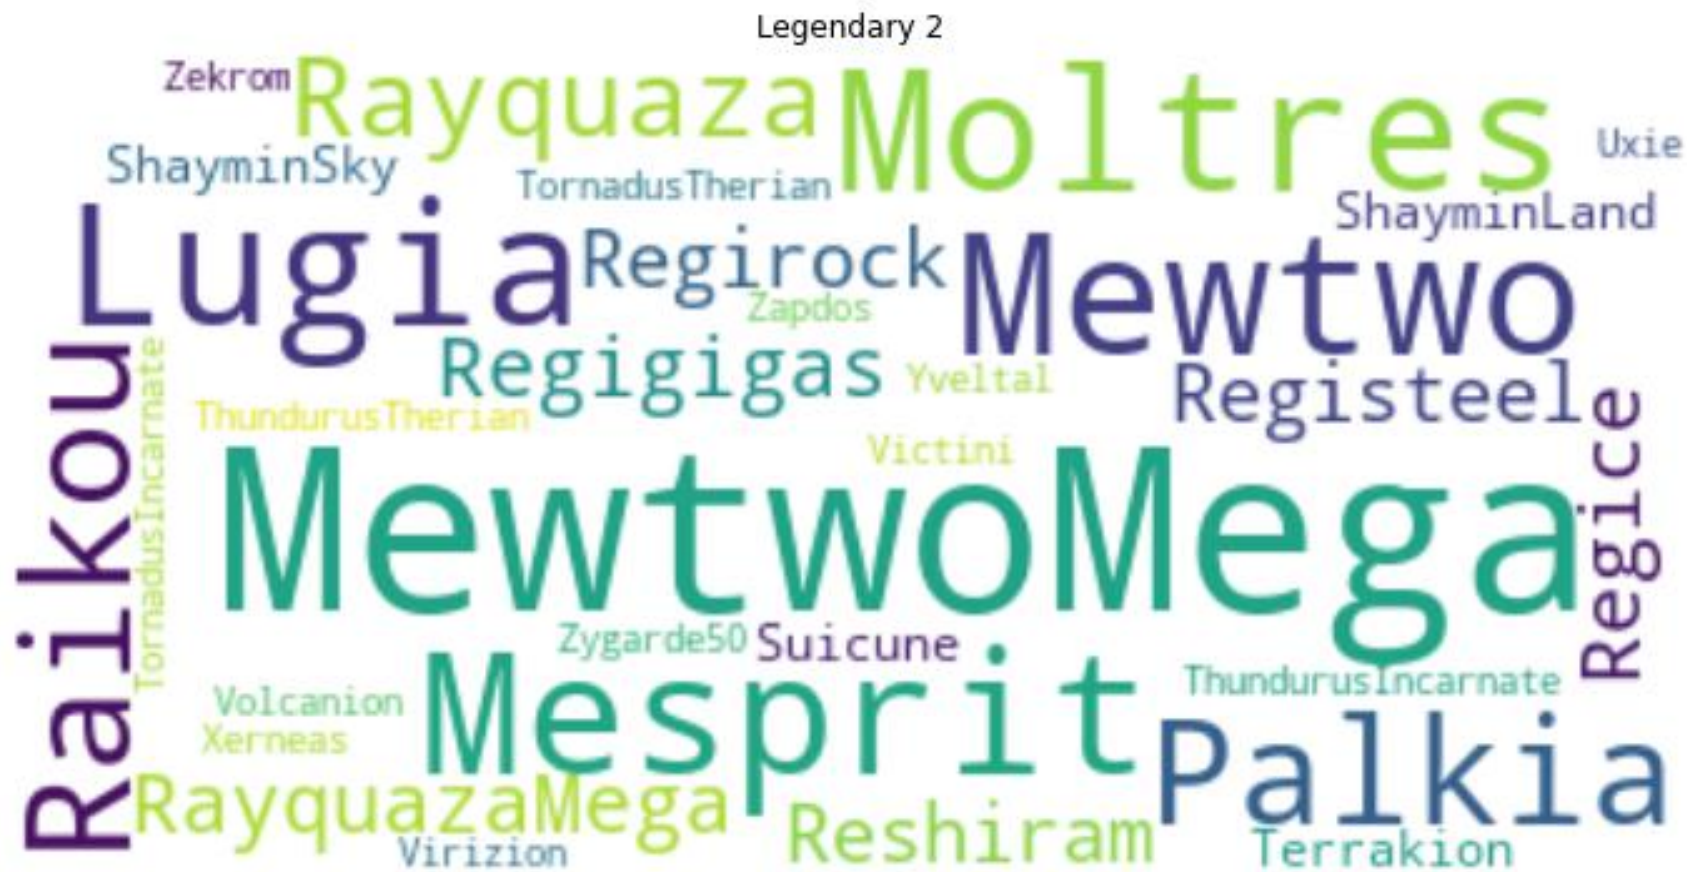

The fastest 15 Pokémon

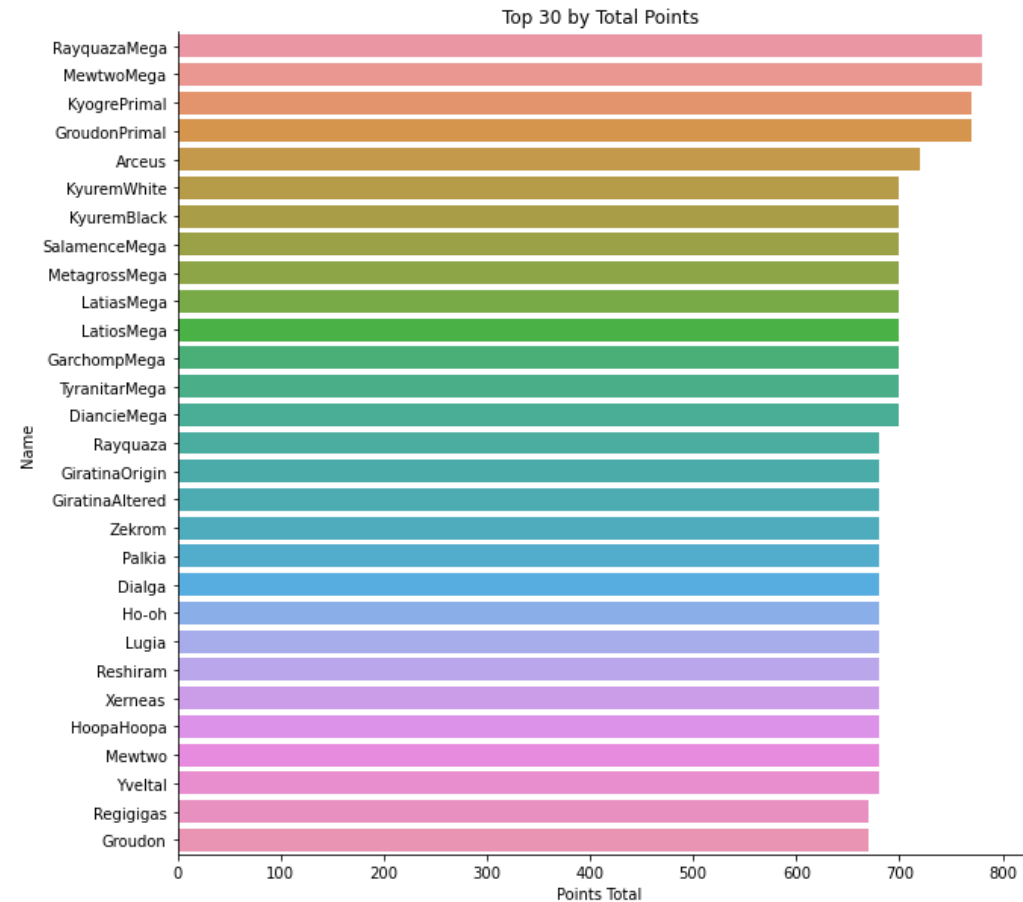

The first half of the legendary Pokémon

The second half of the legendary Pokémon

The top 30 Pokémon by total points

The top 60 Pokémon by total points
